WHAT DO YOU SEE AS THE MAJOR HEALTH CHALLENGES FACING MONONGALIA COUNTY?
MORGANTOWN, WV – MARCH 17, 2016

What do you see as the major health challenges facing Monongalia County? This is the question that will be asked at the Monongalia County Community Health Needs Assessment (CHNA) Community Engagement Event being held at the Mylan Park Community Center on Thursday, March 31, 2016, from 9-11 AM (light refreshments provided by Terra Café).

This Community Engagement Event will focus on the gathering of information from the community concerning what is needed for Monongalia County to be a healthier place for residents to live, work and play. If you are interested in participating in this event, please RSVP by March 25, 2016 to: sph-engage@hsc.wvu.edu

If you are unable to make the meeting but would like to contribute your thoughts on what you consider to be the major health challenges facing Monongalia County, please take our 10 minute Community Health Needs Assessment Survey at: https://www.surveymonkey.com/r/communityhealth_assessment

The CHNA Community Engagement Event is facilitated by the WVU School of Public Health as part of the Monongalia County Community Needs Assessment for Ruby Memorial Hospital and the Monongalia County Health Department.
